	Monthly Range	\$800.00 - 1200.00	\$800.00 - 1200.00	\$750.00 - 1200.00	\$500.00 - 1200.00
	Daily Average	\$48.65	\$48.45	\$47.81	\$45.04

**Thank you to all the child care providers for their wonderful services to the North Shore, and thank you to all the child care providers who took the time to return our surveys and our phone calls. We hope this survey is an accurate portrayal of the child care fees in the North Shore. Any questions regarding the survey can be directed to Virginia Pateman at 604-985-7138. To quickly interpret the differences between the monthly average and the monthly median, if a median is higher compared to its corresponding average for a given category (e.g. LNR care for infants), this indicates that there are a small number of providers who are charging quite low compared to the average provider within the category. In contrast, if a median is low compared to its corresponding average for a given category (e.g. preschools), this indicates that there are a small number of providers who are charging quite high compared to the average provider within the category.**
